

Adelaide Wind Energy Centre Community Liaison Committee (CLC) CHARTER

Mandate/Purpose

The mandate of the CLC is to:

- Act as a liaison facilitating two way communication between the Company and members of the public with respect to issues related to the construction, installation, use, operation, maintenance and retirement of the Facility;
- Provide a forum for the Company to provide regular updates on, and to discuss issues or concerns relating to, the construction, installation, use, operation, maintenance and retirement of the Facility with members of the public; and
- Ensure that any issues or concerns resulting from the construction, installation, use, operation, maintenance and retirement of the Facility are discussed and communicated to the Company.

In August 2013, Kerwood Wind L.P., a wholly-owned subsidiary of NextEra Energy Canada, (NextEra), obtained approval from the Ministry of the Environment (MOE) to build a Wind Energy Centre in the Municipalities of Adelaide-Metcalf and North Middlesex, Middlesex County Ontario. As such, the CLC meetings will focus on aspects of the project related to construction, installation, use, operation, maintenance and retirement of the Facility. The CLC meetings will not re-visit those issues or concerns already addressed through the MOE's approval process.

Objectives

The objectives of the CLC are to:

- Increase the public's knowledge base of wind energy by providing accurate and up-to-date information on the construction, installation, use, operation, maintenance and retirement of the Facility.
- Help the Company better understand the public's concerns and perception of the risks and effects of wind energy and of the Facility;
- Engage in meaningful and open dialogue in order to identify opportunities for improvements and mitigation and work towards resolving or minimizing conflicts and gaining support/acceptance for the Facility.

Membership

The CLC will ideally consist of local stakeholders including persons residing or owning lands within 1 km of the Facility, other area residents and landowners, members of the agricultural and business community, government agencies, local organizations, special interest groups, and
